

# Cell Phone Policy

Students may have cell phones on campus. The district assumes no liability for the loss of the device or its misuse by another person.

**In Instructional Areas** (classrooms, library, etc.): Students may NOT use their device at ANY time (even during lunch, break, passing periods, before/after school) unless given specific permission at that time by a school district employee.

**In Non-Instructional Areas** (outdoors, student center\*, etc.): Students are permitted to use their cell phone before and after school, during break, lunch and passing periods.

*\*Use in offices & staff work areas requires staff approval*

**Students are NEVER permitted to record or take photographs without permission.**

## No rule change for the Library:

In the Library, cell phones must be turned off & be out-of-sight at ALL times. This includes before/after school, break, lunch, and passing periods. This includes while leaving the library until the device is outside the library door, and entering the library once the device is inside the library door.

**In other words: AT NO TIME are cell phones to be on or visible in the library**

Students who violate this policy are subject to disciplinary action.

Note: The term “cell phone” in this context includes any electronic signaling device smaller than a laptop computer.

# Cell Phone Consequences

**Students who violate the cell phone policy are subject to disciplinary action.**

---
